November 29, 2010

Cal Markert, Baldwin County Engineer
P.O. Box 220
Silverhill, AL 36576

Dear Mr. Markert:

I am enclosing an application for the adoption of a mile of county road in your area. Please sign in the designated spot and forward to the chairman of your county commission for his signature. Upon completion of both signatures please return to me in the enclosed stamped self-addressed envelope. Your expedited assistance with this application is very much appreciated.

With kindest regards, I am

Sincerely,

Margaret H. McElroy
State Coordinator
Adopt-A-Mile Program.

Partnership with The Alabama Department of Transportation

Since 1988, Alabama PALS has partnered with the Alabama Department of Transportation to coordinate the Alabama Adopt A Mile Program. Over 1,900 miles of Alabama roadways are being cleaned and maintained by volunteers in every corner of Alabama. This statewide program is truly a testament to the saying "We Are Making A Difference."

Adopt A Mile signs with the participating group name are provided through ALDOT, as well as trash bags for each cleanup. All applications are processed through the PALS office and then sent to ALDOT for sign production. If the adopted mile is on a US or Alabama highway, ALDOT erects the sign on the designated mile.

If the adopted mile is on a County road or highway, ALDOT provides the sign, but the erecting of the sign is the responsibility of the county.

All signs, bags and posts are provided at no cost to each adoptee.

The participation in this and other volunteer programs save the taxpayers of Alabama millions of dollars each year in cleanup costs.

If you would like to join Adopt-A-Mile, you can read more about it, and **fill out our online application**. If you prefer a written application, Please Call Alabama PALS at 1 800 ALAPALS.

PLEASE NOTE

You can fill in the online application, then print and fax or mail the application.
